

Leicestershire's Priorities 2011-2013

People

Place

Services

Supporting individuals & families

Improved life chances for vulnerable individuals and families

More older people are able to live independent lives at home

Improved health outcomes for people in Leicestershire, in particular a reduction in health inequalities

Fewer people smoke

More people are physically active at a level which makes them healthier

A healthy weight in all age groups is promoted, encouraging a whole family approach to eating well and being active

Improved mental health and well being

More people walk, cycle and use public transport as part of their daily journeys

To minimise the negative impact on children and families of substance misuse

Improve the health and well being for all substance users

Reduce re-offending, with a particular focus on earlier intervention with families with complex needs and those at risk of becoming families with complex needs.

Enhancing children's lives

Children in Leicestershire are safe

Children in Leicestershire have improved health outcomes.

Young People enjoy high morale and self-esteem

Children in Leicestershire achieve

Improving our communities

Improved quality of life for people living in the most disadvantaged neighbourhoods (at a faster rate than the County generally)

Everyone participates in the cultural life of the county

Leicestershire is made up of stronger, thriving, integrated and cohesive communities.

Communities are empowered to play a role in decision making.

There are more well supported volunteering opportunities.

The number of road casualties is reduced

There is improved satisfaction with our transport system amongst residents and service users

Existing housing is improved to better meet the needs of the people of Leicestershire

An enhanced, accessible and protected natural environment

Improved green infrastructure

Continue to reduce anti-social behaviour, particularly in those areas with the highest levels of incidents

Protect the most vulnerable in communities, particularly previous and repeat victims of crime

Reduce substance related crime and disorder

Increase user satisfaction with local crime and disorder services, especially in priority areas

Protecting our environment

Our contribution to climate change is reduced

There is high resilience to the effects of climate change

Less waste is produced and a reduced proportion of this goes to landfill

The negative impact the transport system and our operations has on the environment and individuals is reduced

Developing our economy

A productive economy with high performing businesses

Improved job opportunities for vulnerable people and communities

A highly sustainable environment with an excellent infrastructure, especially for rural communities

Our transport system and its assets are effectively managed and well maintained

The housing supply meets the needs of Leicestershire people

More consistent, predictable and reliable journey times for the movement of people and goods

All residents have efficient, easy and affordable access to key services

Delivering effective services

Access to information, facilities and services is enhanced across the County

Public services are provided in the most efficient and effective way
